**INDEPENDENT ACCOUNTANT'S REPORT  
ON APPLYING AGREED-UPON PROCEDURES**

U.S. Environmental Protection Agency  
Maryland Department of the Environment  
Baltimore County, Maryland

We have performed the procedures enumerated below, which were agreed to by the U.S. Environmental Protection Agency (EPA), the Maryland Department of the Environment (MDE) and Baltimore County, Maryland (the specified users), solely to assist you in meeting the reporting requirements specified in 40 CFR part 258, Subpart G, Financial Assurance Criteria. This engagement to apply agreed-upon procedures was performed in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and associated findings were as follows:

**Procedures:**

1. We compared the data and statements, as specified in the State Support Document for the Local Government Financial Test (prepared by the EPA), contained in the letter from the County's Director of Budget and Finance, dated December 2, 1999, with the audited financial statements of Baltimore County, Maryland as of and for the year ended June 30, 1999.
2. We recomputed the totals and percentages used in calculating the conditions of the financial test demonstrated in the Director's letter referred to above.

## Findings:

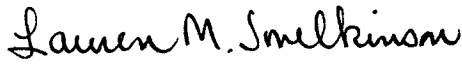

With regard to the above procedures, we noted the following:

- The total of closure and post-closure costs was correctly computed in the Director's letter and was taken directly, or appropriately derived, from the audited financial statements as of and for the year ended June 30, 1999.
- The total of closure and post-closure costs disclosed in the Director's letter was within 43% of the County's FY 1999 total revenue included in the audited financial statements as of and for the year ended June 30, 1999.
- The County's financial statements as of and for the year ended June 30, 1999 were prepared in conformity with generally accepted accounting principles.
- The County's financial statements as of and for the year ended June 30, 1999 were audited by the independent auditors KPMG Peat Marwick LLP and an unqualified opinion was issued.
- The County has not had an operating deficit for each of the past two years.

We were not engaged to, and did not, perform an audit, the objective of which would be the expression of an opinion on the financial data and statements contained in the Director's letter. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the EPA, the MDE and Baltimore County, Maryland and is not intended to be and should not be used by anyone other than these specified parties.
